Matoshree Junior college, Nashik

2017 - 2019

secured 81.38 %

PERSONAL PROJECTS

Apartment Management System (09/2021 - 11/2021)

- We designed a website for apartment management system, where user can register or login through his account and will be able to add ,update, delete and view a property and contact the owner from his account.
- The website provides general price of a particular property depending upon the given parameters like area and number of rooms.
- https://github.com/aditi-pingle/Apartment_Management_System

Sentiment Analysis to predict Stock Price (04/2022 - 05/2022)

- Designed a model to perform sentiment analysis of data set.
- Developed the model using machine learning algorithms such as Naive Bayes ,Random Forest Classification Model and Logistic Regression Model.
- Achieved an accuracy of 85.44%.
- https://github.com/aditi-pingle/DSBDA_project
