Academics

Course	Institution	Passing year	Percentage
B.E. IT	SCTR Pune Institute of Computer Technology	2023	9.29 CGPA
XII	Golden Kids Jr. College	2019	85.36
X	School of Scholars	2017	92.80

Technical Exposure

- **Tools** : Eclipse, DevC++, Figma, VScode
- **Programming language** : C++
- **Designing** : UI/UX, wireframing
- **Web technologies** : HTML, CSS
- **DBMS** : MySQL

Activities

- **Experience** (Dec-2021 to Apr-2022)
At Sushma science center Pvt. Ltd. I have worked as UI/UX intern (4 months).
Designed and prototyped a quiz website on Figma tool.
The project was related to cultural quiz platform which had a total 40 pages.
- **Project** (Jan-2022)
Tasty treats web application
 - Web application for searching and uploading food recipes.
 - Technology used: HTMS, CSS, Bootstrap
- **Arduino Workshop** (Aug-2019)
Attended a two-day workshop on Arduino by PICT robotics club and learnt to make a car bot using ultrasound sensor, IR sensor, Bluetooth, RC motor and Arduino having remote control, path following and obstacle avoidance.

Achievements

- Got selected for Persistent Martian program. (Apr-2022)
- 300+ Problems solved on programming platforms such as LeetCode (200+), Codechef. (2021-2022)
- 99 percentile in computer science, 95 percentile in computer programming and 86/100 in automata pro in amcat test. (Jan-2022)
- 98.1 percentile in MHT-CET and 92.27 percentile in JEE Mains. (June-2019)

Additional information

- **Course work:** Data structures and algorithms, Operating system, Computer network, Database Management System
- **Interests:** Programming, web designing, AI, space, and Technology.
