Education

Pune Institute of Computer Technology   **2019 - 2023**
Bachelor of Engineering in Computer Engineering   *CGPA- 9.71*

Matoshree Junior College, Nashik   **2017 - 2019**
Higher Secondary School (Science)   *Percentage - 82*

Experience

WorqHat   **Jan 2022 – Feb 2022**
Web Development Intern   *Remote*

- Built several important parts of the **WorqHat Admin website**.
- Worked on Dynamic **Invoice and Certificate generation** using PDFkit library
- Created an **Doubt Session scheduler API** to schedule sessions between students and mentors
- Developed an end-to-end **Referral Management System** for Campus Ambassadors.
- Technologies used - JavaScript, NodeJs, ExpressJs, Firebase and HTML, CSS

Projects

Dev Connector   **Live App**

- Built a social media app for developers
- It is a social network app that includes user authentication, profiles and forum posts with likes and comments for each individual post
- Developers are able to share their ideas, projects and could form a strong developer community
- Technologies Used: MongoDB, ExpressJs, NodeJs, React-Redux

Talk-A-Tive   **Github**

- Developed a real time chatting application to enable users to seamlessly communicate with each other
- Users can create their profile and can be a part of personal as well as group chats
- Messages can be sent with ease by using Socket.io, this app also guarantees complete chat security
- Technologies Used : MongoDB, NodeJs, ReactJs, ChakraUI

ListenUp   **Github**

- Created a music management system and implemented CRUD operations on songs
- Users can query on songs based on song name,artist name and album name and can also play them.
- Users are able to create personalized playlists and add their favourite songs to it.
- Technologies Used : MySQL, Flask, HTML/CSS

Technical Skills

Languages: C/C++, SQL
Databases: MySQL, MongoDB, Firebase
Frontend: HTML,CSS,JavaScript, React,Redux
Backend: NodeJs, ExpressJs
Development Tools:VS Code, Eclipse, Github, Heroku

Achievements

- Solved over 500 problems on LeetCode with 70% problems being medium or hard.
- Qualified for Pre-Finale Round of Flipkart Grid 4.0 Hackathon
- Top 2%ile in JEE MAINS 2019
